

Tripod Charger Kit

RC2 Tripod Charger Kit

The RC2 Tripod Charger Kit has everything you need to charge your batteries on-the-go. The kit comes with spare batteries and two chargers in a hard plastic case, built to protect the contents when stored in the back of a van or boot of a car.

The charger kit is a must-have for any mobile teams that carry tripods in their vehicles and can't regularly return to the depot for battery swaps or charging.

FEATURES

- Everything needed to charge RC2 Tripod batteries
- Comes in rugged case to protect contents
- Ensures safe and reliable charging
- Ideal for mobile teams carrying tripods in vehicles
