

Tripod Stillage

RC2 Tripod Carry Case

The RC2 Tripod Stillage is designed to protect the signal from damage when stored and stowed in the works vehicle.

Manufactured from 100% recycled plastic, the rugged case is stackable, and makes the tripod easy to carry by two operatives or through the use of a lightweight pallet truck.

FEATURES

- Rugged Moulded Case
- Tie Down Straps for Secure Transit
- Stackable Design
- Carries both Tripod and Signal Head
- Prevents Radar and Aerial from Transit Damage
