

FleetAssist

We've got your back

Reduce cost of fleet ownership and meet changing work demands with **FleetAssist**

FleetAssist is a unique traffic signal hire service that allows customers to top-up their fleet to meet seasonal or unforeseen demands. Our brand new fleet features a traffic signal offering up to 5-way control, a pedestrian crossing set capable of 5-way traffic control plus up to 4 pedestrian crossings. Furthermore, all signals are compatible with our UTC system, providing up to 9 traffic phases and 8 pedestrian crossings.

BENEFITS

- Distinctive new livery with reflective band for high visibility
- Reduced cost of ownership
- Hire direct from the manufacturer
- Well maintained, fully tested equipment
- Support from our service engineers
- In-built chargers and locks
- Customer branded contact labels*

*1 Year Hire Agreements only
